

Giant Dutchman's Pipe *Aristolochia gigantea*

**A vigorous, attractive vine with spectacular, large 8" ivory-mottled maroon flowers. The fascinating flower buds look like large "Dutchman's Pipes" & the beautiful heart-shaped foliage is gorgeous with or without flowers! This vine blooms many times from spring to fall & is a wonderful conversation piece for any landscape!!! Plant it on an arbor where the fascinating flower buds & flowers can hang from the ceiling.
Sun, part shade.**
